

OUR 7 CULTURAL WONDERS OF LATIUM

We made a survey where every student had to choose 7 cultural wonders of Latium and these are the most common choices:

COLOSSEUM

The Colosseum is the most iconic and well-known monument in our region, which blends beautifully with the other buildings, here in Rome.

CIRCUS MAXIMUS

It's the largest chariot racing in Rome. Today the arena is a public park which has a spectacular view of the Palatine hill behind.

TREVI FOUNTAIN

Trevi Fountain is one of the most stunning fountains in the world, where tourists tend to throw coins for good luck.

SISTINA CHAPEL

Sistina Chapel was painted by Michelangelo, who created one of the most famous chapels in the entire world! It is located in Vatican City.

PANTHEON

This building used to be utilised as a temple, where people worshipped all Gods.

IMPERIAL FORA

The Imperial Fora are a series of public squares. Although there's not much left of these structures, you can still imagine how walking around Rome was.

PIAZZA VENEZIA

Piazza Venezia is the central hub of Rome, and its name is from the building Palazzo Venezia. On one side of the square there's the Altare della Patria. The Piazza is next to Trajan's Forum.
