

These days students from **2 H** and **2 N** have been presenting their 'Young revolutionary', i.e. they introduce to their class a young hero that contributes to turning the world into a better place.

So far we have 'made the acquaintance' of these young revolutionaries:

- **Sophie Cruz** (American activist about immigration issues)
- **Greta Thunberg** (very popular Swedish environmental activist)
- **Bana Al Abed** (Syrian anti-war activist)
- **Jazz Jennings** (American LGBT rights activist)
- **Emma Watson** (British actress and women's right activist)
- **Selena Gomez** (American singer and UNICEF ambassador)
- **Taylor Swift** (American songwriter and gender equality activist)

2 H kids also met their **German eTwinning partners**, who are currently doing the same activity to share their young revolutionary presentations

Dear team,
It was great to have our German and Italian students share ideas about their revolutionary young people this morning.
