

<p>Erasmus+ Project 2016/2019 “Unity in Diversity – Making school a home for each student”</p>	
Method:	Using the principles of Project based learning and the eTwinning platform, pupils’ sense of initiative and creativity is enhanced
Subject:	eTwinning project "Let’s make a change" Main theme: social entrepreneurship
Target group:	A class of 23 pupils with cases of dyslexia, drop out and special needs.
Age of students:	15
Description:	Guided by Mahatma Gandhi’s statement: ‘Be the change that you want to see in the world.’ the project aims at stimulating pupils’ enterprise skills and to make them become acquainted with the principles of social entrepreneurship in association with those of active citizenship. Social entrepreneurs are sensitive to social problems, they react actively towards them by using their entrepreneurship know-how to develop innovative ideas for a sustainable improvement of society. In order to do so they produce images, visual aids, posters.
