

Module 1: Students give a portrait of their favourite young revolutionaries: Greta Thunberg and Autumn Peltier the 'Water Fighter' (October 2022) ✓

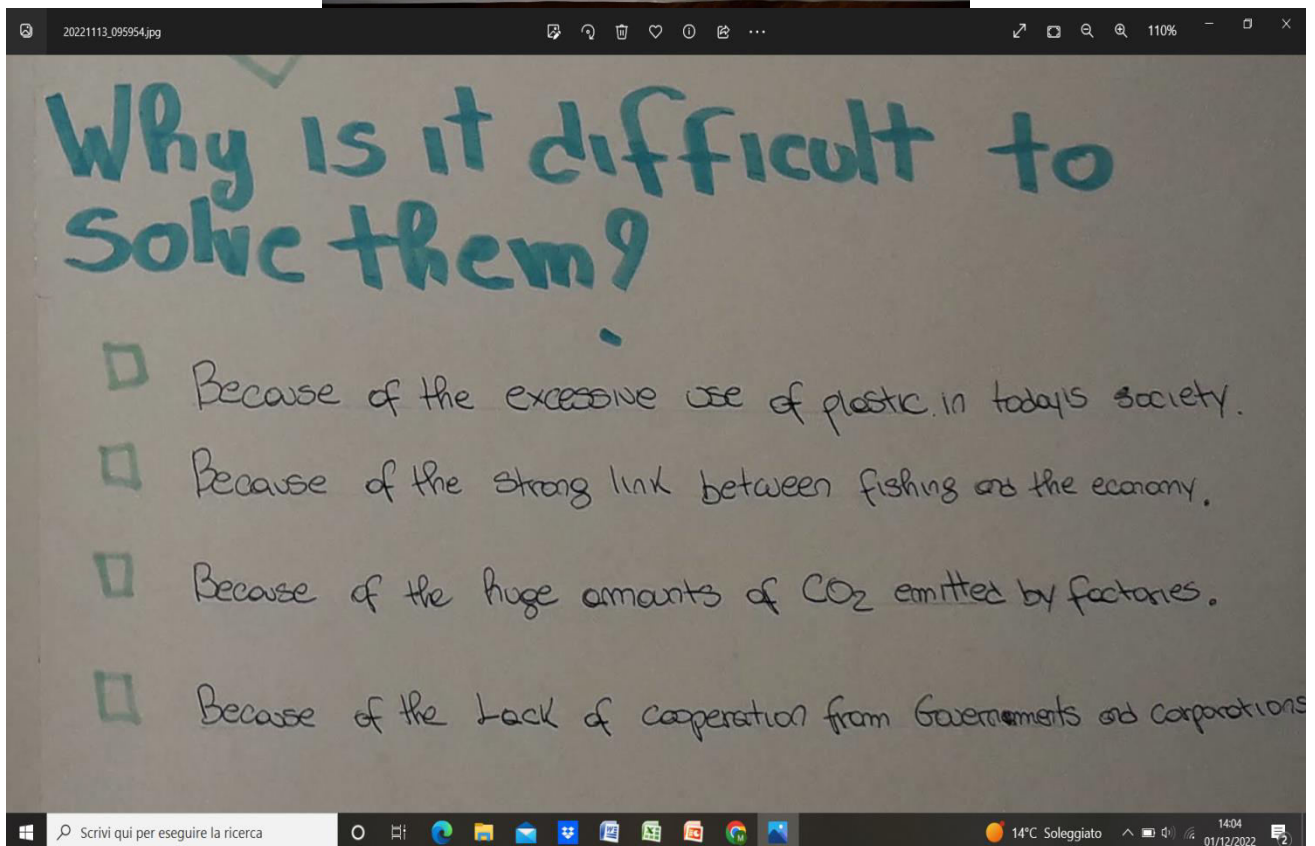

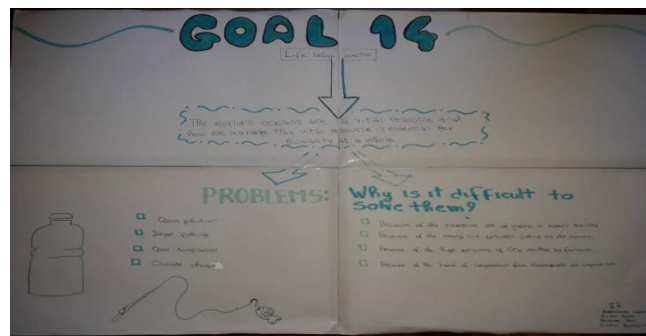

Greta

Autumn

Module 2: Team building: Exploration of a selected SDG, making a concept map to highlight the complexity of the problem (November) ✓

Additional class activity:

Students prepare a Survey on teenagers' habits about the environment.

Prep work: students prepared two questions on the issue 'teenagers and their habits towards the environment', a class discussion followed. Then the Survey questions were selected and put into a questionnaire as follows.

Last step to be completed: students will interview 200 schoolmates from other classes and finally put the results on an Infographic.

Teenagers and environment-friendly habits questionnaire
Liceo Statale Niccolò Machiavelli, Rome

- 1) Do you sell and/or put into recycling bins clothes you don't use anymore or do you just throw them away?

Always:										
Sometimes:										
Never:										

- 2) Have you ever bought clothes made of recycled materials?

Always:										
Sometimes:										
Never:										

- 3) Do you recycle regularly?

Always:										
Sometimes:										
Never:										

- 4) If you have a tissue and there isn't a waste bin near you, do you keep it in your pocket or do you just throw it away?

Always:										
Sometimes:										
Never:										

- 5) Do you turn off the lights before leaving a room?

Always:										
Sometimes:										
Never:										

Module 3: Research on selected SDGs and affiliated organisations (December) in progress. Contacted organizations:
PLASTICFREE Rome, RETAKE Rome, ASHOKA Italy

... future steps.....

Module 4: Development of ideas on how to bring about social change locally (January 2023)

Module 5: Designing a strategy plan on how to proceed to turn the idea into action – Who can help? Who can be interviewed? Who could sponsor us? Which social media should we use to make our voice heard? (February 2023)
